

**This report sets out the current thoughts on the future programme for FBUA-UFBA for 2020-2022**

Our proposition to the French via Romain was that 2020 should be moved forward to 2021, so Liverpool is held in late spring 2021 as was planned for this year, The Reims reunion is then held in 2022.

Romain has canvassed the French, and they agree.

Romain proposes an Assemblée Generale via Zoom, if not possible otherwise, to be arranged by him later this summer, or possibly live in October, in Paris.

At the Assemblée, the agenda to include:

- ratification of the above
- election of Françoise as French President
- election of Ghada and I as full presidents for 2020/22.

This implies Françoise would remain French president till the reunion in Reims, and Ghada and I would be joint presidents from mid 2020 till mid 2022.

The Statuts allow for this sort of departure from the norm.

Romain will await the results of our meeting on 22.06.20 before activating the Assemblée.
